2. I will talk about website reshuffle. It's not that good or bad, probably neutral. It achieves its purpose. My grade on it is 5 out of 10.

My thoughts about design are not so pleasant. Mainly everything is covered in white colour as if from the text and logo at the top.

Everything is cramped together, which makes it hard to obtain needed information, I blame it on bad optimization for smartphones display. At least downloading files is not very complicated! The font is so small in some places, it drives me insane.

To my knowledge there are no sounds or any special features.

Generally speaking, it's not bad, it contains full needed information and does what it's supposed to.
